## Here's Some Very Good News

### For Men and Young Men who would like to limit

their suit and overcoat expenditure to

We have completed arrangements which permit us to offer at \$10. suits and overcoats a great deal better than have ever been offered at that price. This is a notable accomplishment, which will benefit thousands of men and young men who, with commendable ambition to dress well, still have the good sense to live within their income.

As decent serviceability is the main object, some of the fabrics used will be part wool and part cotton, with double and twisted threads. We can buy "all-wool" cloth at 75 cents a yard! The cloth in these garments costs a good deal more than that, and wears better; a very desirable quality, used in many \$15 and \$20 suits and overcoats.

The styles will be conservative. The tailoring will be thorough. We guarantee a perfect fit, and will refund money paid upon return of any garment that may prove unsatisfactory.

### We place on Sale To-day 1,000 New Spring Overcoats, at \$10

One or two will be shown in the windows of four of the Brill stores -they will not be on sale at Broadway & 49th Street. The offering includes Oxford grays, blacks, and very neat fancy gray mixtures; lined with an excellent quality of serge; some with silk facing to edge of lapels.

We suggest an early call. The values are so unusual, that the costs will go very quickly.
